Description *Arousing Love, a Teen Novel* by M. H. Strom

Eighteen-year-old Zach is falling for Joanna until he finds out she is only fifteen. He knows she is too young but he has never felt like this about anybody before. She is sexy and sweet and flirty and free and the most beautiful girl he has ever known.

Joanna is swept away by her feelings for Zach as they grow increasingly passionate. It's like God has whispered in her heart Zach is the one for her. Can it be true love when you're only fifteen?

One of the highest rated teen books in the US iBooks Store rated 4.5 stars with over 3000 reviews.

Customer Reviews Seriously? by NegativeNelly

Terrible. What the hell is wrong with this author? I can't tell if this is supposed to be some Christian propaganda or erotica. Either way, I haven't seen writing this juvenile since I was in grade school, and why is this categorized as children's fiction?

Are you kidding? by jaustinteach

I have to agree with Negative Nelly. This is not a book that should be in the children's section. This book is not appropriate for anyone under 18. I am sorry, but it mixes sex and God and has some very warped beliefs about religion and teens and what is right and wrong. Parents need to definitely read before the kids.

Teen erotica? by Alien27Blue

In the first chapter an 18 year old feels up a 15 year old. I only read the sample but it was enough for me to be completely offended. I would be ok if this were labeled adult/romance but it's under the children/teen label???? The other issue I have is the sexual activity between an adult and a minor. This book needs to be removed from iTunes completely or at the least change categories.
