## Description Barbie Girl by Heidi Acosta

The world stops spinning. She is the ocean crashing into me, tossing me, drowning me. I can't breathe. I do not care. I want to die right now. I want nothing more than to drown in her. My head is filled with a gray fog. I am being pulled toward heaven and my angel is kissing me. The smell of sweet spun sugar wraps around me. Pulling us closer together. Then quickly pushing us apart. I need her, I pull her closer. I want her. Needing to feel her soft skin. Needing to breathe her in. I want to taste her sweet taste. I need her more than breathing. Then I need life its self. For she is keeping me alive. She is love. Then she pulls away too soon. I am dying. Every part of me is shattering; falling to the floor, a hole in my chest is ripped wide open for the world to see. The earth is set into motion again spinning faster than before, nothing makes sense, but everything makes sense. I watch her walk away, each sway of her hips teeters the world a little more. Someone is screaming but I can't look away to see how many casualties there are. I am trapped by an angel as I watch her walk away. The only thing that 17 year old Barbie Starr wants to do is graduate high school so she and her little brother, Everett, can get out of Alabama. She doesn't care about the rumors that are spread around about her like wild fire. Rumors are nothing new to her. Sure, maybe she could change her reputation, but why bother. She is leaving Alabama as soon as she can. That is, if she can pass algebra and graduate. The only thing Dylan Knight would like to do is go through high school unnoticed; he has had enough of the drama that is high school. He took the whole of last summer to bulk-up, finally he is not being called names or being shoved into lockers. He wants to remain on the outside of the circle of constant rumors that surround the so-called popular kids who get all the attention. He would not, however, mind if his long time crush Katie took notice of him. But it is Barbie, who notices Dylan and she offers him a deal he can't pass up, if he helps her pass algebra, she'll help him get the girl of his dreams. Dylan agrees, but, as it turns out, nothing is simple when it comes to Barbie. Somehow, she can't help but draw attention to herself — and to him. Soon Dylan finds himself tossed into the whirlwind of rumors that seem to follow Barbie everywhere. Can he save his reputation and still get the girl of his dreams? Or will Barbie be the one to break through his carefully-built facade?
