Customer Reviews Great quiz book! by flyxyz

The Divergent Unofficial Ultimate Quiz book is a great resource for all fans of the Divergent book series. This was the perfect birthday present for my teenage nephew who loves the post-apocalyptic plot of the books. He absolutely loved it, and him and his girlfriend are now using it together. It's a great source of additional information for him to use. Granted some of the questions are fairly easy but some of them are really difficult and they cover a large variety of categories. It's suitable for the entire family to learn about the book series. This book is great entertainment for my nephew. A great find for young and old fans alike.

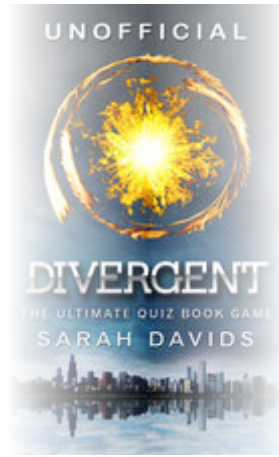

Question eight? by ????????????

In the category of "the abnegation faction" there is a question that concerns me. Question number 8 states

"who is the leader of abnegation?" And the answer on your quiz was tris's dad. Which is incorrect because there is no leader In particular but the most recognizable counsel member was Marcus Eaton. I just wanted to bring this to your attention because I believe that if your giving a quiz the material should be correct. Not to be rude And I know this review will obliterate into nothingness but I am very passionate about this book. Therefore I would like the review quiz to be correct. Other than that small detail I think the quiz is marvelous and wonderfully written?.
