*"Gossip Girl meets VC Andrews in this contemporary family saga. Love, lies, and betrayal become the new normal when Anna enters the world of Jack and Lucy Kyser." --Magan Vernon, international bestselling author of The Only Exception*

Anna Sanders expected an anonymous (and uneventful) senior year until she crossed paths with rich-and-sexy Jack Kyser and his twin sister Lucy.

Pulling Anna into their extravagant lifestyle on the Gulf Coast, Lucy pushed Anna outside her comfort zone, and Jack showed her feelings she'd never experienced... Until he mysteriously withdrew.

Anna turned to her internship at the city paper and to her old attraction for Julian, a handsome local artist and rising star, for distraction. But both led to her discovery of a decades-old secret closely guarded by the twins' distant, single father.

A secret that could permanently change all their lives.

Customer Reviews The thrill of the unexpected.... by Thatguy1357924680

Anna Sanders doesn't expect her Senior year of high school to be very exciting. Her best friend moved to Key West and life hasn't been the same. That was - until she crosses paths with twins Lucy and Jack Kyser. Lucy and Jack have a privileged life.....their father has built this town from the ground up.

Anna never expects to fall 'head over heels' for Jack. He is handsome, sexy, and stirs up emotions in Anna that she never experienced before. Lucy on the other hand, has her ups and downs - literally. She is starving for attention and goes to extreme lengths to get it. Jack is 'hot' one minute and 'cold' the next. Anna is often confused and wanting more.

Anna has another attraction - Julian. He is an art student that Anna use to tutor. Julian is flirty, and often tells

Anna that he is ready to start a relationship with her....one that is not 'just friends'. The two are extremely close friends, and Anna doesn't want to jeopardize their friendship. Yet, she does have a major crush on Julian.

Anna has secured an internship at the local newspaper. During a fact finding 'mission' on a story - Anna finds out a secret that could affect the lives of those involved. What will she do with the information?

Dragonfly is a contemporary read with lots of twists and turns. Readers will be left wanting to learn more about this unraveling saga.

I loved it! by Fida I

I love all the characters and their artistic talents. I can't wait to read more!

I kind of want Lucy and her (Anna) to become a better friends but for Jack to leave. But that's what makes the story interesting. I love all the little mysteries in the beginning and how a bigger one unraveled later on. Ahh!! Now I want to read the rest of the series!

Now I have to be honest and say I'm not much for the cover but it does tell you a lot about the story. Some of the biggest changes happen on the beach. I also love the seeming reason behind the title. You are just going to have to read it to find out!

I'm confused by Annmric8

I do not understand what Anna wants. Who does she like and what is she trying to achieve? What's the lesson learned in this story, I'm not sure. I'm lost. Not going to read the next one because this one was frustrating. Skimmed thru a lot of it. Too much rambling. Too much uncertainty. Too much confusion. Not even sure there was a good story line. It did not flow. Anna was annoying. Jack was indifferent.
