Description Evermore by Alyson Noël

Don't miss the first book in Alyson Noël's #1 *New York Times* bestselling *The Immortals* series. Enter an enchanting new world where true love never dies. . .

After a horrible accident claimed the lives of her family, sixteen-year-old Ever Bloom can see people's auras, hear their thoughts, and know someone's entire life story by touching them. Going out of her way to avoid human contact and suppress her abilities, she has been branded a freak at her new high school—but everything changes when she meets Damen Auguste.

Damen is gorgeous, exotic and wealthy. He's the only one who can silence the noise and random energy in her head—wielding a magic so intense, it's as though he can peer straight into her soul. As Ever is drawn deeper into his enticing world of secrets and mystery, she's left with more questions than answers. And she has no idea just who he really is—or *what* he is. The only thing she knows to be true is that she's falling deeply and helplessly in love with him.

Customer Reviews Loved it! by fb62

This story was interesting from beginning to end. Twilight readers will love it, even though it's not about vampires. Only \$2.99 to get started on the series, too. I will definitely buy book #2.

Amazing by Anni222

I just loved this book :) I can never find interesting books to read. I got it yesterday and I'm already on the last few chapters. Not really into twilight, but people who are would probably like this book also :) Deff the best book iv read all year.

Not bad by Ashbagosh

Quick, entertaining read. Probably aimed at a younger crowd like the Twilight books. If you're past the high school stage, but still enjoy a good story, then I would recommend this book. If you didn't like Twilight, then don't bother.
