Description Forever Mine (The Moreno Brothers) by Elizabeth Reyes

Seventeen-year old Sarah's life is turned upside down when her single mom is sent to jail. She's forced to move, leaving behind everything she's ever known, including her best friend Sydney. Lost and bitter in a new school, her one goal is to save money and move back home. Then she meets Angel Moreno.

Enigmatic but gorgeous, Angel is almost too good to be true. Except for one thing, his archaic belief that guys and girls can never be "just friends". The problem? Sarah's best friend Sydney is not a girl.

With their unexpected romance intensifying to places neither ever experienced, how long can Sarah keep Angel in the dark? And how will he react when the truth finally comes out?

I absolutely loved this book! by Kim94denise

It was so well written and fun to read. I finished it in less than a day. The only thing I didn't like was that the brothers could be a bit overbearing at times. I cannot wait until I read the rest of the series!

AMAZING by zgm123

this book was awesome. the twist at the end was so unexpected and some parts are so sad they'll make you cry. still, every girl wants to one day meet their own Angel :)
