Description *The Kill Order* by James Dashner

The prequel to the *New York Times* bestselling *Maze Runner* series—*The Kill Order* is a modern classic for fans of *The Hunger Games* and *Divergent*. It can be read alone or as a companion to the action-packed series.

Before WICKED was formed, before the Glade was built, before Thomas entered the Maze, sun flares hit the earth and mankind fell to disease.

Mark and Trina were there when it happened, and they survived. But surviving the sun flares was easy compared to what came next.

Now a disease of rage and lunacy races across the eastern United States, and there's something suspicious about its origin. Worse yet, it's mutating, and all evidence suggests that it will bring humanity to its knees.

Mark and Trina are convinced there's a way to save those left living from descending into madness. And they're determined to find it—if they can stay alive. Because in this new, devastated world, every life has a price. And to some, you're worth more dead than alive.

From Publishers Weekly Aug 20, 2012 – This prequel to Dashner's dystopian *Maze Runner* trilogy, set 13 years before those books, focuses on a new character Mark who lives through the "sun flares" that decimate Earth. He creates a new family with other survivors, including Alec, a tough old soldier, and Trina, his love interest. But then strangers arrive on an airship and infect villagers with a mysterious virus, which quickly spreads and mutates. *Maze Runner* fans may be surprised by the new protagonist, but they will be swept up in the breathless, cinematic action. Whether Mark is flashing back to his escape from the sun flares, stealing an airship with Alec, or battling hordes of virus-infected maniacs, Dashner's adventure is filled with near-constant melees and peril (some readers might want to trade some fight scenes for more narrative and character development). Even so, Dashner has crafted a clever prequel that will appeal to fans anxious to see where *The Maze Runner* came from, while enticing those unfamiliar with the later books. Ages 12 up.
