Description *The Maze Runner* by James Dashner

Soon to be a major motion picture starring Dylan O'Brien and Kaya Scodelario.

The first book in the *New York Times* bestselling Maze Runner series—*The Maze Runner* is a modern classic, perfect for fans of *The Hunger Games* and *Divergent*.

When Thomas wakes up in the lift, the only thing he can remember is his first name. His memory is blank. But he's not alone. When the lift's doors open, Thomas finds himself surrounded by kids who welcome him to the Glade—a large, open expanse surrounded by stone walls.

Just like Thomas, the Gladers don't know why or how they got to the Glade. All they know is that every morning the stone doors to the maze that surrounds them have opened. Every night they've closed tight. And every thirty days a new boy has been delivered in the lift.

Thomas was expected. But the next day, a girl is sent up—the first girl to ever arrive in the Glade. And more surprising yet is the message she delivers.

Thomas might be more important than he could ever guess. If only he could unlock the dark secrets buried within his mind.

From the Hardcover edition.

From Publishers Weekly Sep 21, 2009 – Dashner (the 13th Reality series) offers up a dark and gripping tale of survival set in a world where teenagers fight for their lives on a daily basis. It starts when Thomas, a teenage amnesiac, wakes up in the Glade, a fragile oasis in the middle of an enormous maze. Here, a group of teenage boys eke out a hazardous existence, exploring the Maze by day and retreating to the Glade at night. No one knows how they got there; no one has ever found a way out (Old life's over, new life's begun. Learn the rules quick, the group's leader tells Thomas). Bizarre technological monsters called Grievors patrol the Maze's corridors, almost certain death for any who encounter them. Thomas struggles to regain his memories, but the arrival of a young woman with an ominous message changes the rules of the game. With a fast-paced narrative steadily answering the myriad questions that arise and an ever-increasing air of tension, Dashner's suspenseful adventure will keep readers guessing until the very end, which paves the way for the inevitable continuation. Ages 12 up.
