Description The Scorch Trials by James Dashner

Read the second book in the #1 *New York Times* bestselling Maze Runner series that is soon to be a motion picture, hitting theaters September 18, 2015, and is perfect for fans of *The Hunger Games* and *Divergent*. The first book, *The Maze Runner*, is now a movie featuring the star of MTV's *Teen Wolf*, Dylan O'Brien; Kaya Scodelario; Aml Ameen; Will Poulter; and Thomas Brodie-Sangster! Also look for James Dashner's newest novels, *The Eye of Minds* and *The Rule of Thoughts*, the first two books in the Mortality Doctrine series.

Solving the Maze was supposed to be the end.

Thomas was sure that escape from the Maze would mean freedom for him and the Gladers. But WICKED isn't done yet. Phase Two has just begun. The Scorch.

There are no rules. There is no help. You either make it or you die.

The Gladers have two weeks to cross through the Scorch—the most burned-out section of the world. And WICKED has made sure to adjust the variables and stack the odds against them.

Friendships will be tested. Loyalties will be broken. All bets are off.

There are others now. Their survival depends on the Gladers' destruction—and they're determined to survive.

Praise for the Maze Runner series:

"[A] mysterious survival saga that passionate fans describe as a fusion of *Lord of the Flies*, *The Hunger Games*, and *Lost*."—**EW.com**

"Wonderful action writing—fast-paced...but smart and well observed."—**Newsday**

"[A] nail-biting must-read."—**Seventeen.com**

"Breathless, cinematic action." —**Publishers Weekly**

"Heart-pounding to the very last moment." —**Kirkus Reviews**

“Exclamation-worthy.” —*Romantic Times*

[**STAR**] “James Dashner’s illuminating prequel [*The Kill Order*] will thrill fans of this Maze Runner [series] and prove just as exciting for readers new to the series.”—*Shelf Awareness, Starred*

From the Hardcover edition.

From Publishers Weekly Oct 11, 2010 – Hundreds of pages into this sequel to *The Maze Runner*, one of the teen subjects of a survival experiment on postapocalypse Earth wonders aloud, "hat this is really all about." Readers may be asking that, too. In *The Maze Runner*, the teens, their memories erased, searched for a way out of a deadly maze; their escape, led by Thomas, was short-lived. As volume two opens, the boys learn they are infected with the "Flare," a virus that has killed millions and produced a population of nearly insane, disease-ravaged "cranks." New orders from WICKED, a coalition of surviving governments, have the boys marching across a wasteland toward a promised cure. Though some facts are teased out, the narrative bogs down under the weight of unanswered questions. What is the purpose of torturing these kids? How is making them into killers ensuring the survival of the world? Why would government leaders name themselves WICKED? Hopefully answers are forthcoming in volume three. In any case, fans who are already hooked will gobble this down, particularly those who don't mind anemic female characters and a high body count. Ages 12 up.

Customer Reviews Amazing!! by Softballgurl =]

I like maze runner more but the scorch trials had so many twists! Still love them both!

Awesome by Sirius black rocks!!

This book is just as good as the first one, with many surprising twists!

Dystopian defined by Vingus

James Dasher again has done an amazing job of continuing to write a fast paced high action sequel to the *Maze Runner*. Though it would have been nice to learn more about the outside world the book leaves you with wanting to read the next book of the series. Can't wait till October.
