Description *The Secret Garden* by Frances Hodgson Burnett

For the first nine years of her life, Mary Lennox was a mean, spoiled, and sickly English girl growing up in India. But when tragedy strikes her family, she is sent off to live at her uncle Archibald's giant manor in Yorkshire. No longer surrounded by servants, Mary finds herself alone in a big and scary new world. That is, until she finds a garden that's been locked away for years...

Heavily influenced by the premature losses in author Frances Hodges Burnett's life, including both her father and her son, *The Secret Garden* is an unforgettable story about the healing power of nature. Addressing themes of pain, love, death, selflessness, and inner peace, this classic proves that children's literature can be just as complex and profound as adult literature.
