Description The Selection by Kiera Cass

Fall in love—from the very beginning. Discover the first book in the captivating, #1 New York Times bestselling Selection series.

Prepare to be swept into a world of breathless fairy-tale romance, swoonworthy characters, glittering gowns, and fierce intrigue perfect for readers who loved *Divergent*, *Delirium*, or *The Wrath & the Dawn*.

For thirty-five girls, the Selection is the chance of a lifetime. The opportunity to escape a rigid caste system, live in a palace, and compete for the heart of gorgeous Prince Maxon. But for America Singer, being Selected is a nightmare. It means turning her back on her secret love with Aspen, who is a caste below her, and competing for a crown she doesn't want.

Then America meets Prince Maxon—and realizes that the life she's always dreamed of may not compare to a future she never imagined.

Don't miss the next books in Kiera Cass's popular series, including *The Elite*, *The One*, *The Heir*, and *The Crown*.

From Publishers Weekly Apr 09, 2012 – A cross between *The Hunger Games* (minus the bloodsport) and *The Bachelor* (minus the bloodsport), this trilogy launch employs multiple conventions of the dystopian romance genre: strong-willed heroine, heart-wrenching love triangle, far-future setting divided by class. That said, it's a lot of fun. In a post-WWIII U.S. divided by caste, teenage America Singer and her family are Fives, struggling musicians and artists. In love with a Six, America is headed for a life of servitude and hunger, until she is chosen for the Selection, a contest through which Prince Maxon will pick his princess. The Selection brings America instant notoriety and prestige, but also thrusts her into a ring of jealous, desperate girls all trying to win the prince's heart. Cass (author of the self-published *The Siren*) deftly builds the chemistry between America and Maxon, while stoking the embers of America's first, forbidden love. Headstrong and outspoken, America is an easy heroine to root for, and the scenes where she tries to fit in to her new royal life are charming. A TV drama based on the books is in production. Ages 13 up.

Customer Reviews Can't wait by Song N.

On Facebook there is a preview of the book and it seems very promising. Almost like Hunger Games for fairy tales. This author seems promising and can't wait to read the rest.

Good read but short by 3idam

I literally stayed up all night reading it. It's a pretty good non stop page turner. That being said it felt a little rushed at times and rather short! There was just a little more umph that I wanted and it almost ended abruptly. I kinda wanted some kinda closure! That being said can't wait for next one!

**BTW ITUNES: I can't upload reviews from my iPhone 4S (up to date) on any book! I press "send" and nothing happens.

Very good!! by luvlylady

I thought this book was very good, not the best book I've read, but still very entertaining! I would suggest reading it; I'm a quick reader so it took me about 3.5-4 hours to read so it's still a pretty fast read! I would suggest reading this book if the description piques your interest!! Love and light
