## Description Witch & Wizard by James Patterson & Gabrielle Charbonnet

The world is changing: the government has seized control of every aspect of society, and now, kids are disappearing. For 15-year-old Wisty and her older brother Whit, life turns upside down when they are torn from their parents one night and slammed into a secret prison for no reason they can comprehend. The New Order, as it is known, is clearly trying to suppress Life, Liberty, and the Pursuit of Being a Normal Teenager. But while trapped in this totalitarian nightmare, Wisty and Whit discover they have incredible powers they'd never dreamed of. Can this newly minted witch and wizard master their skills in time to save themselves, their parents--and maybe the world?

From Publishers Weekly Nov 16, 2009 – Patterson (the Maximum Ride books) and Charbonnet launch a new series about political and cultural oppression, which suffers from some questionable storytelling choices. Ordinary teenagers Whit and Wisty are taken from their house by representatives of the oppressive New Order. Accused of being a wizard and a witch, they're thrown in a dank prison to await execution. While there they begin to master previously unknown powers and, thanks to some otherworldly help, they manage to escape and are united with the resistance movement. The authors rely on coincidence and plot holes each teen is allowed to bring one possession into the otherwise barbaric jail, and thus end up with magical implements. The story is further undercut by frequent recapping and short chapters, alternately narrated by the siblings, which break up the narrative for no perceivable reason. There's some fun world-building, including a stream of thinly disguised pop culture references in Wisty and Whit's alternate world (from the books of Gary Blotter to the artist Margie O'Griffe), but even these are inconsistent (their world also includes Red Bull and the adjective Dickensian) and come across as groaners. Ages 10-up.

Customer Reviews Excellent by msjudge8

This book was an easy read. James Patterson has done it again!!!

Adventerous by Anonamous(?)

A great read but really only explains the events up to the begining of the book.

Cool by Meetca253

So far so great

### Witch & Wizard by James Patterson & Gabrielle Charbonnet

We have made it easy for you to find a PDF Ebooks without any digging. And by having access to our ebooks online or by storing it on your computer, you have convenient answers with Witch & Wizard by James Patterson & Gabrielle Charbonnet. To get started finding Witch & Wizard by James Patterson & Gabrielle Charbonnet, you are right to find our website which has a comprehensive collection of manuals listed. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Witch & Wizard by James Patterson & Gabrielle Charbonnet. So depending on what exactly you are searching, you will be able to choose ebooks to suit your own need Need to access completely for Ebook PDF Witch & Wizard by James Patterson & Gabrielle Charbonnet? ebook download for mobile, ebooks download novels, ebooks library, book spot, books online to read, ebook download sites without registration, ebooks download for android, ebooks for android, ebooks for ipad, ebooks for kindle, ebooks online, ebooks pdf, epub ebooks, online books download, online library novels, online public library, read books online free no download full book, read entire books online, read full length books online, read popular books online. Document about Witch & Wizard by James Patterson & Gabrielle Charbonnet is available on print and digital edition. This pdf ebook is one of digital edition of Witch & Wizard by James Patterson & Gabrielle Charbonnet that can be search along internet in google, bing, yahoo and other mayor seach engine.
